Patients, Colleagues and Friends,

Too quickly the time has passed. After 40 years enjoying the practice of Orthodontics, I have decided to move forward with my retirement.

As many of you know, a medical leave has taken me away from the practice for the past several months. I am recovering very well and appreciate all the support and well wishes I have received throughout this time.

As I contemplated leaving this wonderful profession, I was overwhelmed with emotions. I am so thankful for the trust you all placed in me while working together with your patients, your children and grandchildren and yourselves. I truly hope that in retirement I will find a fraction of the friendship, gratitude and love that I have found here.

Dr. Burzin, Dr. Gagnon and I searched long and hard to find a skilled, knowledgeable and caring orthodontist to join Child and Adult Orthodontics. I feel we have found the perfect person in Dr. Bobby Geiman who joined us several years ago. My patients and the practice are in excellent hands with Dr Burzin, Gagnon, Geiman and our excellent staff.

Blessed with a loving and expanding family, the anticipation of travel and so many hobbies, I view these coming years as a sabbatical with new and exciting challenges.

While the practice and profession of Orthodontics have changed in so many ways, the smiles we created together know no specific language. Use yours!
